Extra service on your DJI Flip drone

When you purchase the DJI Care Refresh Card Flip (1 year), you'll receive 1 year of extra service when your Flip drone breaks down. The Care Refresh Card and the drone must be purchased in the same country or region. You can find out exactly what to do below.

Service

The DJI Care Refresh Card Flip (1 year) entitles you to a replacement drone 2 times within 1 year. The card covers various accidents and defects. If you lose your Flip drone during a flight, you can replace it once under the Flyaway coverage.

Activation

You can link the Care Refresh Card to your Flip drone in the following cases:

- If you have a brand new Flip drone that hasn't been activated yet.
- If your Flip drone was activated within the last 48 hours.
- If your Flip drone was repaired at an official DJI Service Center (within 72 hours of receiving an email from DJI to activate Care Refresh).

You can link the Care Refresh Card to your drone through [this link](#).

Note: Would you like to purchase a Care Refresh Card if your drone has been activated for over 48 hours? Read how to do that [here](#).

Costs

- You buy a DJI Care Refresh Card Flip.
- If your drone breaks down, you pay € 39 replacement costs each time.

Flyaway Coverage

You may lose your drone during a flight. In that case, it's possible to request a new drone once. This falls under the Flyaway Coverage. For a replacement, you pay € 176.
